## Vision

To offer riding lessons to children and adults whom:

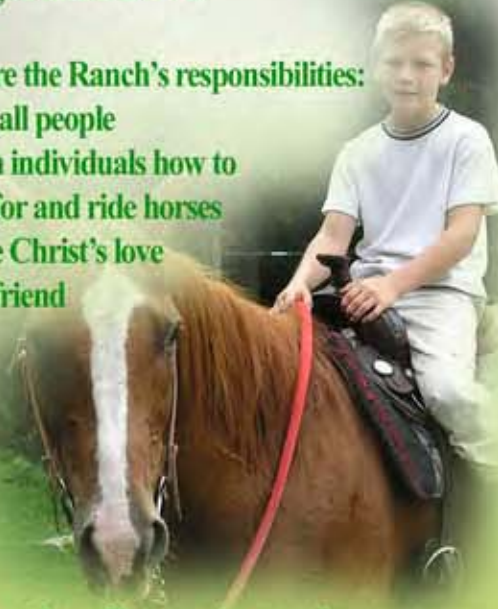

- \* Are emotionally vulnerable
- \* Are lonely, hurting or need a loving mentor
- \* Have been abused physically or emotionally

What are the riders responsibilities:

- \* Want to come
- \* Respect the horses, ranch and staff
- \* Want to learn about horses and how to ride
- \* Give back to the horse what the horse is giving to them: LOVE

What are the Ranch's responsibilities:

- \* Love all people
- \* Teach individuals how to care for and ride horses
- \* Share Christ's love
- \* Be a friend

As our Lord Jesus Christ continues to direct our every step we ride courageously on our Master's back. Trusting Him to straighten our paths and level the terrain. He navigates us across mighty rivers and over majestic mountains. Our Lord continues to press on towards the vision of HIS Haven Ranch. His place where He will move mountains in the lives of HIS children!

## Mission

Empowering and Transforming Lives  
Through...

### Healing In the Savior

It is our desire to facilitate opportunities for all people to come to a place where love is lavishly given and encouragement is bountiful. A haven where our friends will realize their God given identity in Christ; that they are strong, capable and worthy of love. This love flows from the knowledge and truth that we have received a new identity as children of God. God loves us and offers us salvation through HIS Son, Jesus Christ. HIS gift motivates

us to share HIS love with others as we share our mutual love of horses. Through this experience God will bring healing and purpose to one's life. Through servant hearts God can empower us to soar to new heights and love beyond our dreams!

*Matthew 18:5*

*"And whoever welcomes a little child like this in my name welcomes me."*

# At the Stable

**Mickey** Our majestic Bay Arabian has been a dominant leader and faithful friend. He came to us looking for love and instead he gave us his heart and so much more! He has never let us down and we are grateful that he has trusted us and is ready to give back what we have so freely given to him!

**Chance** Our very own elegant Chestnut Thoroughbred who dominates over all is really a "gentle giant". Taking to our littlest ones he is looking for treats and hoping for a good brushing!

**Montana** All the way from Montana, he has travelled to be your friend! He has worked on ranches for many years and he has joined us to teach you all how to be real cowboys and cowgirls. He is a handsome Red River Dun Quarterhorse who enjoys getting out on the trails and taking it all in!

As our equine friends await their permanent home we are reflecting on God's Blessing to us. We are seeking HIS will in all we do and pray that as our horses get ready for work, he is preparing the hearts of all those who will come. We lift the need for a permanent facility before the Lord and are trusting him to be our compass as we follow HIS path. If you would like to contribute to our new ranch, please contact us or detach and complete the form below. Whatever trail he takes us down, we are thankful that you have come along for the ride!
